

INTERNATIONAL CONTENDER ASSOCIATION

Proposed Class Rule Change (2 of 2) - 28 January 2022

CREW

Rule 20.2 current:

With reference to Racing Rule 22.3 (a), the total weight of clothing and equipment

Rule 20.2 proposed:

With reference to the Racing Rules 2021-24, rule 50.1, the total weight of clothing and equipment

Reason for change:

The racing rules of sailing have changed considerably since our class rules were written. The reference to RRS 22.3 is not anymore correct, it is RRS 50.1 that defines the weight of clothing and equipment.

This is purely to tidy up and avoid misleading.
